

# Om Desale (Danny)

Cybersecurity Student | Frontend Developer | AI Enthusiast

## Contact

Email: om@example.com | GitHub: github.com/your-handle | LinkedIn: linkedin.com/in/your-handle

## Summary

Security-minded frontend developer focused on building accessible, performant, and secure web applications. Passionate about AI tooling and using LLMs to enhance developer workflows and application security.

## Skills

- Frontend: React, Next.js, TypeScript, Tailwind CSS
- Security: OWASP Top 10, CSP, SAST/DAST, Threat Modeling
- AI: Prompting, RAG, AI SDK
- Tooling: Node.js, Git, Vercel, Playwright

## Experience

Project: VulnScan Lite — Minimal web security scanner (2025)

Built header checks, basic recon, and OWASP-focused hints; improved DX and reporting.
